- Enclosure cover securely snaps directly to the base, providing a clean and finished aesthetic
- · Designed for indoor installation

The LightSpeed Technologies® FTTX-IWP-SLIMFIT-APC ultra-compact low-profile fiber optic enclosure manages fiber cable and connections in an aesthetic, easy-to-install package.

The FTTX-IWP-SLIMFIT-APC is designed for indoor installation and mounts directly to flat surfaces with screws or double-sided tape. After mounting, the high-gloss cover snaps over the base to protect cables and connections.

The FTTX-IWP-SLIMFIT-APC ships ready for fiber optic broadband (FTTx) connections with a factory-installed simplex single mode SC/APC coupler and mounting hardware.
