## CLOUD 9 CUSTOM CONTROL

A TURN KEY CONTROL SYSTEM TO UNLEASH  
THE TRUE POTENTIAL OF THE CLOUD 9

### WE'VE DONE THE WORK FOR YOU

Stop spending time setting up a control system you don't understand. AVProConnect offers an all-in-one solution for restaurants, sports bars, classrooms, and everything in between.

Our turn-key solution is unlike any other. We've done the programming for you to provide your clients with a full featured, state-of-the-art control system. This exclusive control system is custom designed specifically for AVProConnect's Cloud 9 Matrix allowing you to take full advantage of all the major functions this powerful product is capable of.

Setting up your complete system is as simple as installing your Cloud 9, connecting your displays and downloading an app on your iPad. Sign in with your custom AVPro Account, and you and your client are ready to go.

- Customizable for any project
- Full support available after set-up and beyond
- No more writing drivers or control commands
- Cloud based, no hardware or control processor needed

# CLOUD 9 CUSTOM CONTROL

A TURN KEY CONTROL SYSTEM TO UNLEASH  
THE TRUE POTENTIAL OF THE CLOUD 9

## KEY FEATURES & BENEFITS

### Visually Interactive Buttons and Graphics

Take out the guess work. You will know your matrix settings at all times.

### Complete Video and External Audio Switching Matrix

Choose any combination of inputs and outputs, or select a single input to send to all outputs including quad-view and multi-view video inputs.

### Easy Quad-View and Multi-View settings

Mix and match all 9 video sources in any quad-view combination. Easily switch between quad-view (2x2) and mutli-view (3x3) modes.

### Fast and Efficient System Response

Use existing Wireless LAN infrastructures without needing additional communication gear.

### Display Power Controls via RS-232, IP, and IR

Works seamlessly with other control systems without interference.

### Easy, iPad based Direct Control System

Fast, responsive, easy to learn, no CPU required, the iPad is the CPU! Works with iPad Mini 2 all the way to iPad Pro 9.7"

### CUSTOMIZATION OPTIONS

#### DireTV Control and Tuning Feedbacks

If you are using DireTV, you can control each receiver and see the tuning info right on your Cloud 9 control system.

#### Customized Floor Plan Options

Tailor your installation with a matching custom control floorplan and graphics/logos. Built just for your client!
